METHODOLOGY

Price ranges are derived from ranked comparable listings sourced from OnlineProperty.lk, Ikman.lk, and Lamudi.lk. Comparables are filtered by property type, district, and size, then scored by similarity. P25, P50, and P75 represent the 25th percentile, median, and 75th percentile of asking prices in the matched set. All prices reflect current or recently active market listings, not transacted sale prices.
